

# Mahesh Bharti

Full stack Developer | +91 9902291840 | bhartimontu231@gmail.com | Bengaluru, India 560016

---

## SUMMARY

Experienced Software Engineer with 4 years of experience in Angular, TypeScript, JavaScript, MongoDB, GraphQL, RESTful APIs, React JS, Redux, RxJS, NgRX, Bootstrap. Strong problem-solving skill in Data Structure and Algorithm and abilities with a proven track record of delivering high-quality solutions.

## SKILLS

### Frontend:

Angular, ReactJS, Redux, RxJS, NgRX, TypeScript, JavaScript, HTML, CSS, Bootstrap, SASS, OOPs, Design Patterns, Data Structure and Algorithm (DSA), Multithreading, Unit Testing, Agile Methodologies.

### Backend & Database:

MongoDB, GraphQL, RESTful APIs, SQL server.

### Tools:

Visual Studio, Visual Studio Code, Postman, Git, GitHub, SSMS, Karma, Jasmin, Jira.

## EXPERIENCE

Senior Associate Development Engineer, NTT Data | July 2021 - Present  
Bangalore, India

- Developed and optimized full-stack web applications using Angular, ReactJS, Node.js and MongoDB, improving application performance by 25%.
- Led development of RESTful APIs and GraphQL, achieving 50% reduction in API response time via query optimization and caching.
- Collaborated with cross-functional teams to enhance application architecture, features, and performance, resulting in a 20% increase in user engagement.
- Ensured code quality with adherence to standards, conducting thorough code reviews.
- Increased unit test coverage by 25% and reduced post-release defects by 15% through automation techniques.
- Collaborated to optimize application performance, scalability, and user experience, improving customer satisfaction by 30%.
- Technologies: Angular, ReactJS, NgRX, RxJS, MongoDB, RESTful APIs, GraphQL, TypeScript, JavaScript, HTML5, CSS3, SASS.

## **EDUCATION**

Bachelor of Technology in Computer Science Engineering

REVA UNIVERSITY, Bangalore India

2017-2021

CGPA: 8.12

## **CERTIFICATIONS**

- Angular - The Complete Guide (2024 Edition)
- MongoDB - The Complete Developer's Guide 2024
- ReactJS - The Complete Guide (2025 Edition)

## **ACHIEVEMENTS**

- Project Excellence awards for outstanding performance and contribution to SDIS portfolio and virtual architect platform.

## **PROJECTS**

Digital Wallet

- A multi-vendor portal providing insights and alerts on license expirations and non-compliance, allowing users to request work
- and report issues. It helps users track and manage their licenses effectively.
- Engineered and optimized features using Angular, Node.js and MongoDB, resulting in a 25% improvement in application response
- time.
- Translated business requirements into technical specifications, contributing to 20% increase in user satisfaction.
- Implemented best coding practices, resulting in 30% reduction in post-release defects.

Infrastructure insights

- Developed user-interactive web applications using Angular, ReactJS, Node.js, MongoDB, Git improving system performance by 40%.
- Led the end-to-end development lifecycle, ensuring adherence to project timelines and quality standards.
- Resolved complex issues through systematic debugging and collaborated on UI/UX design.
- Mentored junior developers, improving team productivity by 15% through knowledge sharing and skill development initiatives.
- Actively participated in Agile Scrum ceremonies, fostering a collaborative team environment.

## **Soft-Skills**

- Self-Motivated / Time management
- Excellent Communication / Proactive
- Problem-Solving and Adaptability
- Teamwork and Collaboration
