SUMMARY

As a UI/UX Designer with 2 years of experience, I have a proven track record of creating user-centric designs that drive growth and engagement. At **Startup Campus Varta**, I contributed to a 10% increase in user growth by designing intuitive and effective user experiences. I also had the opportunity to work at **Adglobal 360**, where I collaborated with cross-functional teams and developers on various projects for **Maruti Suzuki**, helping to deliver impactful designs that met client goals. My expertise includes Figma, UX research, interactive design, and the design process, allowing me to create visually appealing, user-friendly, and interactive designs. I thrive in fast-paced environments, effectively managing multiple projects under pressure while ensuring high-quality outcomes.
