DOTNET DEVELOPER

A skilled and results-driven Computer Engineer proficient in creating modern web applications using technologies like ASP.NET MVC, jQuery, and SQL. Adept at solving complex problems, enhancing user experiences, and continuously expanding expertise to deliver innovative software solutions. Committed to contributing to the growth of the software industry.

WORK EXPERIENCE

Krista Technology - DotNet Trainer

Nov 2024 - Present

- Train and mentor aspiring developers in .NET technologies, including ASP.NET, .NET Core, and related frameworks.
- Currently learning ASP.NET MVC, ASPX, jQuery, and SQL, while gaining practical experience through live projects.

Tss consultancy - Java Intern

Dec 2023 - Apr 2024

- Created a service module which can fetch data from government websites and then convert it into json.
- Then that data is used for various purpose in the company to provide detail to its customer like providing loan defaulter list from specific bank, scammers list from BSE,etc..

PROJECTS

Online Library Management System

- A web-based application for managing books, memberships, and transactions, built with ASP.NET MVC and SQL Server. Key features include book search, borrow/return management, automated reminders, and dynamic reporting.

Language Exchange Platform

- A dynamic web platform built using the MERN stack (MongoDB, Express.js, React.js, Node.js) that allows users to log in, choose languages to learn, and connect with others to teach or exchange language skills. It includes personalized user profiles and language learning modules for interactive learning and cultural exchange.

SKILLS

- .NET
- SQL
- C#
- jQuery

EDUCATION

Marwadi University, Rajkot

2021 - 2025

- Bachelor of Technology - Computer Engineering
