PROFILE

- Backend Developer with 1.6 years of experience in Node.js, Express.js, and MongoDB. Skilled in building REST APIs, authentication systems, and scalable backend solutions. Also experienced in PowerApps and workflow automation. Strong problem-solving skills and eager to contribute to fast-paced product teams.

WORK EXPERIENCE

ZconPvt.Ltd

2024 JAN - 2025 JUL

Trainee PowerApps Developer & Node.js Developer

- Designed and deployed custom business solutions using PowerApps to automate workflows and streamline operations.
- Integrated Power Automate to create automated workflows for business processes, improving efficiency and reducing manual effort.
- Worked with Dataverse to create and manage data models, ensuring smooth data flow across different applications..

FunctionUp Bootcamp

Backend developer

2023 JAN- OCT 2024

- Gained hands-on experience in building RESTful APIs and server-side logic using Node.js and Express.js.
- Developed and maintained MongoDB databases, ensuring efficient data management and smooth API integration
- Implemented authentication and authorization systems using JWT and OAuth.
- E-commerce Website: Developed a fully functional e-commerce platform using AWS, MongoDB, Node.js, and Express. Integrated user authentication, and product management features.
- URL Shortener: Built a URL shortening service using Redis and the shorten-url package, enabling users to generate short links with efficient storage and retrieval
- Created a college internship management app using Axios for API calls, allowing students to browse and apply for internships and track application statuses.
