## Skills

User-Centered Design, Agile Methodology, Project Management Tools, Technical Communication, Problem-Solving

## Experience

**Senior Software Developer** **Oct 2024 – Present**  
**GreenHonchos Solutions Pvt. Ltd.** Noida

### PAR Empire

- I contributed to this project by developing key features like RFQ and Negotiation, ensuring a smooth and structured workflow for B2B buyers and sellers. My work focused on improving business transactions, optimizing the pricing negotiation process, and enhancing the overall platform functionality using Vanilla JavaScript for the website and Nuxt 3 for the B2B panel.

### THE One

- I played a key role in designing and developing THE One's homepage, Product Listing Page (PLP), and Product Detail Page (PDP), ensuring a visually engaging, user-friendly, and high-performance e-commerce experience.

### CRED & THG

- Contributed to the optimization and refinement of backend processes by assisting in the implementation of real-time processing features, retry mechanisms, and bulk updates. Worked alongside the team to configure a resilient infrastructure using cron jobs and worker processes for managing inventory resets and price updates.

**Frontend Developer** **Oct 2021 – Oct 2024**  
**GreenHonchos Solutions Pvt. Ltd.** Noida

### Jiomart ASP

- Developed JioMart Digital Assisted Sales Platform (ASP) from scratch on the Fynd platform, which is one of the largest e-commerce stores in India serving more than 60,000 stores across India and bringing in net revenue of \$125 million and average daily revenue of \$1.8 million as of 30th July 2022

### Manish Malhotra

- Innovated and implemented an automated size selection feature on the Product Display Page (PDP), leveraging user data from past interactions to elevate personalized experiences and streamline the customer journey.

### Others

- Successfully integrated innovative features, resolved bugs, and effectively managed overall development for projects, including Ritu Kumar, BPL, Hamleys, THE One, and others, contributing to successful delivery and client satisfaction.
