PROFESSIONAL SUMMARY

Software Engineer with 2 years of experience in developing web applications using the .NET Framework, C#, and ASP.NET. Skilled in front-end technologies like Angular, HTML, CSS, and JavaScript, with a strong focus on building responsive and user-friendly interfaces. Proficient in SQL Server, API integration, and delivering full-stack solutions.

SKILLS

- **Programming Languages:** JavaScript, OOPS, C#, SQL
- **Web Development:** React, Angular, Dot Net, HTML, CSS, NextJS
- **Databases:** SQL Server

EXPERIENCE

Software Engineer, LTIMindtree company August 2023 – Present

- Developed and maintained scalable web applications using ASP.NET and .NET Framework, ensuring high performance and reliability.
- Built responsive front-end interfaces with React and Angular, enhancing user experience and accessibility.
- Integrated RESTful APIs and third-party services using C# and ASP.NET Web API to extend application functionality.
- Collaborated on user stories to implement new features, optimize system performance, and ensure smooth deployments.

EDUCATION

Master of Computer Application	2023 - 2025
Vishwakarma University (VU), Pune	CGPA 9.00/10
Bachelor of Computer Science	2020 - 2023
Vidya Pratishthan's Arts, Science & Commerce College, Baramati	CGPA 9.35/10
Class 12th	2019 – 2020
Sadashivrao Mane Vidyalaya, Akluj	
Class 10th	2017 – 2018
Laxmibai Kanyaprashala, Yeshwantnagar	Percentage 91.60%

PROJECTS

1. Link Reducer

- Developed a Link Shortener Web Application using Next.js, Dot Net and SQLite, allowing users to generate compact URLs from long links for easy sharing and management.
- Implemented CRUD APIs for URL shortening, searching, redirection, tracking, and deletion, ensuring efficient and secure link handling using Dot net.

2. Endpoint Emissary

- Developed & designed a full-stack api testing platform using React and CSS.
- Implemented features including get, post, etc., save data and also see the response and edit requests,etc.

ACHIEVEMENTS

- Graduated at the top of the class in Bachelor's Degree (2020–2023), consistently maintaining a CGPA of 9.0+ throughout the program.
- Currently pursuing Master of Computer Applications (MCA) with a strong academic record, maintaining a CGPA of 8.7+ to date.
