PROFILE

Experienced Front-End Developer | Leveraging React.js and JavaScript to create engaging and high-performance web application.

EXPERIENCE

LTIMINDTREE - Mumbai   *Maharashtra, India*
Senior Software Engineer.   Sept'24 – Present

- Utilized Redux and Context API to efficiently manage application state, reducing unnecessary re-renders and enhancing maintainability. Forged strong stakeholder relationships by driving new initiatives, achieved project goals and annual renewals
- Integrated security best practices in API interactions and frontend authentication, ensuring a robust and secure application
- Provided guidance on best coding practices and conducted knowledge-sharing sessions to improve overall team efficiency.

L&T Infotech - Mumbai   *Maharashtra, India*
Software Engineer.   Feb'22 – Aug'24

- Contributed to the design, development, and testing of web applications, ensuring high performance and reliability.
- Identified and resolved coding issues to improve application efficiency, reducing load times and enhancing user experience.
- Worked closely with senior developers and cross-functional teams to implement best coding practices and deliver high-quality software solutions.

SKILLS

Technical: Html, CSS3, JavaScript, React.js, ES6+, Express.js, Redux, Node.JS, RESTful APIs, GraphQL, MongoDB, Database Management, Version Control, JEST, Mocha, JWT, TypeScript, Tailwind CSS, Material UI.
Tools: VSCode, Postman, JEST,GIT.

CERTIFICATIONS

- MERN Stack Development Full Course – (June'21 – Nov'21)
- Microsoft Azure Fundamentals (AZ-900) – (Feb'22 – Apr'22)

PROJECTS

E-vehicle Loan System   Nov'21 – Jan'22

- Developed a full-stack web application to streamline the e-vehicle loan application process for users.
- Implemented user authentication, loan application forms, and an admin dashboard using React.js for the front-end and JavaScript for functionality.
- Integrated Node.js, Express.js and MongoDB to manage user data and loan applications.

E-commerce Website   Feb'23 – May'23

- Built a responsive e-commerce website for Home-decor allowing users to browse products, cart   and manage orders.
- Utilized React.js for a dynamic user interface and JavaScript for interactive features like product filtering and cart updates.
- Implemented product management to enhance the user experience and website functionality.

EDUCATION

M.H. Saboo Siddiq college of Engineering. (Mumbai University)   *Maharashtra, India*
Bachelor of Engineering in Mechanical Engineering   2017 – 2021

ACHIEVEMENTS

- **Awarded 'Best Crew Member' (August 2024):** Recognized for outstanding contributions, teamwork, and dedication, enhancing overall project success.
- **Exceeded Performance Metrics:** Consistently delivered high-quality solutions ahead of deadlines, contributing to improved project efficiency and client satisfaction
