Kalyani More

Frontend Developer | ReactJS & Angular | 7 Years of Experience

Front-End Developer with 7 years of experience delivering scalable, high-performance SPAs using Angular and React. Expert in building enterprise-grade UI components, improving app performance, and ensuring accessibility. Proven ability to independently own front-end architecture and deliver secure, visually engaging applications.

PROFESSIONAL EXPERIENCE

Connectwise, Pune - Principal Software Engineer SEP 2023 - Present

- Contributed to a responsive **React** UI for an internal AI Q & A tool, enabling teams to search answers from private organizational documents.
- Implemented secure PDF upload functionality to Azure Blob Storage, enhancing document accessibility for internal users.
- Independently responsible for front-end development of a dashboard project using **Angular**, ensuring a seamless user experience and optimized performance.
- Integrated ConnectWise **SSO** for secure login and implemented user role management.
- Designed dynamic charts and visual reports to identify business-critical data anomalies.
- Remediated high-priority security vulnerabilities flagged by **Snyk**, ensuring compliance with security best practices.

Accenture, Pune – Custom Software Engineering Senior Analyst DEC 2021 - AUG 2023

- Developed **SPA** solutions using Angular, JavaScript (ES6), and TypeScript, tailored for enterprise-grade clients.
- Wrote and maintained unit and integration tests with Jest, ensuring high code reliability.
- Worked on Kendo UI angular and Kentico CMS.
- Collaborated with cross-functional teams to deliver projects on time using **Agile** methodologies.

Mundrisoft Solutions, Pune - Software Engineer FEB 2020 - NOV 2021

- Worked on the New Horizons project, focusing on responsive and high-performance UI using Angular 10, SCSS, HTML5, and JavaScript.
- Integrated REST APIs with Angular HTTP services and tested endpoints using Postman.
- Applied Bootstrap and Material Design for consistent UI/UX across modules.

Buzzle Software Solutions, Pune - Web Developer JAN 2018 - JAN 2020

- Designed and developed responsive, SEO-friendly websites using HTML5, CSS3, JavaScript, and Bootstrap 4.
- Built interactive UI/UX features based on designer wireframes.
- Participated in Agile SCRUM processes including daily standups, sprint reviews & retrospectives.
