WORK EXPERIENCE

MEAN Stack Developer
Elluminati Inc.

09/2024 - 06/2025   *Rajkot-India*
Elluminati Inc. is a product-based company.

Achievements/Tasks

- **Worked on a large-scale Taxi Booking project** , implementing real-time location tracking, fare calculation, driver–rider matching **algorithms**, and secure payments.
- Optimized server performance by refining **database queries** , utilizing **Redis** caching, and reducing response times.
- Managed **real-time socket connections** across distributed servers for smooth and efficient communication.
- Oversaw multi-cloud **deployments**, ensuring **robust security**, **scalability**, and operational **efficiency**
- Integrated third-party **APIs** like Google Maps, autocomplete, route optimization, and payment gateways such as **Stripe**, **paystack**, **PayU**, **Razorpay, PayPal, Paytab** and **Interswitch Quickteller**.
- Built and automated workflows using **n8n** , integrating services like **GitLab** , **Microsoft Teams** , and custom APIs to streamline team activity reporting and notifications.
- Developed a **language translation algorithm** to support **multi-language user interfaces** , enhancing accessibility and user experience for a global audience.

MEAN Stack Developer (Intern)
Elluminati Inc.

10/2023 - 08/2020   *Rajkot-India*
Elluminati Inc. is a product-based company.

Achievements/Tasks

- Built a user management system with EJS, Node.js, and MongoDB, enabling CRUD operations with real-time AJAX updates.
- Developed frontend and backend features using **Angular** and **Node.js**, improving application efficiency.
- Automated processes using **cron jobs**, reducing manual workload.
- Integrated Stripe **payment gateway** for seamless and secure transactions.
- I have also built a real-time **chat application**, showcasing my skills in **Node.js, Socket.io**.
- Worked with **Docker**, **Kubernetes** for container orchestration, ensuring **deployment** reliability.

EDUCATION

B.Tech in Computer Engineering
sltiet-Rajkot

2020 - 2024   *8.60 CGPA*

Higher Secondary Certificate (HSC)
G.T.Sheth Vidyalaya -Rajkot

2018 - 2020   *74.01 PR*

Secondary School Certificate (SSC)
HL.Gandhi Vidyalaya -Rajkot

2017 - 2018   *94.65 PR*

SKILLS

HTML   CSS   Javascript   Node.js   Angular   TypeScript   Gitlab   MongoDB   Server Deployment   Redis   Google Maps Apis   Cloudflare   AWS   Jmeter   React js

PROJECTS

Taxi Booking System (MEAN Stack) ↗
- Developed a **full-stack taxi booking platform** using **Angular**, **Node.js**, and **MongoDB** for seamless ride management.
- Integrated **Stripe** for secure payments, supporting credit and debit transactions for different user types.
- Implemented **Twilio SMS** verification , Google **Maps APIs** , and **Socket.IO clustering** for scalable real-time updates.
- Set up a **CI/CD** pipeline to automate build, test, and deployment processes, enhancing DevOps efficiency.

AJAX-Based User Management System
- Developed a **dynamic user management system** using **EJS** and **Node.js** with **MongoDB** for data storage.
- Implemented **secure form submission with validation** and **AJAX**-powered real-time **CRUD** operations without page refresh.
- **Technologies Used**: Node.js, Express, EJS, MongoDB, AJAX, Bootstrap.

ACHIEVEMENTS

AI for Beginners-HP (03/2025) ↗

Top Ranker - devang mehta foundation trust (08/2024)

Bootstrap-5(Udemy) (05/2023) ↗

Physical Computing with Arduino,nodemcu&raspberrypi (02/2023) ↗

Basics of Python (Infosys) (11/2022)

Python 101 for Data Science(IBM) (07/2022) ↗
