Other Projects

I have 2+ years experience on this field. Innovative UI/UX Designer with robust experience in creating intuitive and engaging digital interfaces. Strong focus on user-centred design, ensuring seamless interaction and optimal user satisfaction. Skilled in wireframing, prototyping, and conducting user research to inform design decisions. Proven ability to collaborate with cross-functional teams to deliver high-quality products that enhance user experience and drive business goals. Crafted seamless user journeys by optimising interfaces for user access. Integrated advanced UI principles for user-centred design.

Work Experience

UI/UX Designer

Cruv dimension pvt.ltd. Jaipur

July 2024 - Present

- I can create fully responsive design on Figma and create all breakpoints of design (Desktop, Tablet and Phone views). After the design is complete, we correct all the errors that occur in the design by the compiler and send the design for development.
- I do my entire design in auto layout, components and fully responsive design.
- Created wireframes, prototypes, and high-fidelity designs to visualise proposed user experience enhancements.
- Designed intuitive user interfaces for mobile and web applications, enhancing user satisfaction and engagement.
- Read and understand technical texts on Figma on design elements.

3D Designer Internship

Angara ecommerce p. ltd. Jaipur

April 2024 - July 2024

- Depicted objects in motion in 2D and 3D designs using [Software].
- Assisted in storyboard development, aligning 3D assets with narrative goals for a cohesive storytelling experience.
- Collaborated with design teams to create realistic 3D environments for high-profile architectural visualisations, meeting strict project deadlines.
