🪪 PROFILE

Motivated and detail-oriented Full Stack Web Developer with a solid foundation in both front-end and back-end technologies. Experienced in building full-featured web applications through academic projects and personal practice. Passionate about writing clean, maintainable code and solving real-world problems. Eager to contribute to dynamic development teams and continue learning in a professional environment.

🧠 SKILLS

- HTML/CSS
- JavaScript
- TypeScript
- Node JS
- Express JS
- React JS
- MySQL
- Sequelize
- Git

💼 PROFESSIONAL EXPERIENCE

01/2025 – present
Ahemdabad, India

eSparkBiz - Agile Teams On-demand ⧉
Junior Software Engineer Intern
- Training in full-stack web development with focus on backend technologies and database design
- Designed and developed multiple RESTful APIs, including ongoing work on a **Messenger App API**
- Contributed to a team project: **Project Management Tool** (Admin side) — built features for managing projects, tasks, teams, and users
- Implemented CRUD operations, file uploads, and status tracking; developed the Admin Dashboard
- Gained hands-on experience with Git and collaborative development workflows

Tech Stack: Node.js, Express.js, MySQL, Sequelize, JavaScript, HTML, CSS, EJS, Git

06/2024 – 07/2024
Remote, India

Infolabz ⧉
React JS Intern
- Trained in React fundamentals: components, props, state, hooks
- Created interactive UIs and fetched dynamic data from APIs
- Built small apps to apply core React concepts in real-world use cases

Tech Stack: React.js, JavaScript, HTML, CSS, API Integration

📁 PROJECTS

Project: Project Pilot
Internship Project | Team-based | Role: Full Stack Developer (Admin Side)
Worked on a team project to build a Project Management Tool with separate roles for Admin and User. I contributed to the **Admin side**, specifically the **Homepage**, **Project Management**, and **Team Management** sections.

- Implemented **CRUD operations** for Projects, Teams, and Team Members.
- Developed features for **creating and assigning projects**, **managing teams**, and **assigning tasks** to users.
- Built the **Admin Dashboard** to display assigned tasks, user issues, and project statuses.
- Added functionality for **document upload** during project creation, and **project status updates**.
- Gained experience in **team collaboration**, **Git version control**, and **project coordination**.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, EJS, MySQL, Git

Messenger App API

- Designing backend API endpoints for real-time messaging features
- Includes user authentication, chat room management, and message storage
- Learning database design and security best practices

Tech: Node.js, Express.js, MySQL, Sequelize

🎓 EDUCATION

2021 — 2025 Bhavnagar	**B.Tech in Computer Engineering** Government Engineering College ⊡
2019 — 2021 Bhavnagar	**HSC** B.N.Virani Higher Secondary School ⊡ 95 %tile

📑 CERTIFICATES

- Online Java Training by IIT Bombay ⊡
- Applied Cloud Computing For Software Development ⊡
- Summer Internship — Full Stack Web Developer ⊡
