WORK EXPERIENCE

FEB 2025 - PRESENT | NOVACEPT TECHNOLOGY
FRONTEND DEVELOPER

As a Next.js developer, I built UI components, wrote clean code, and collaborated with designers and backend teams for smooth integration. I also participated in code reviews and followed React.js best practices to deliver quality solutions.

AUG 2024 - FEB 2025 | HBIC SOLUTIONS
SOFTWARE DEVELOPMENT ENGINEER

As a React.js developer, I built user interfaces, wrote clean code, and implemented UI components. I worked with designers and backend teams to ensure smooth integration. I also took part in code reviews and kept up with React.js best practices to deliver quality solutions.

DEC 2022 - JULY 2024 | CAVYIOT TECHNOLOGIES
JUNIOR SOFTWARE DEVELOPMENT ENGINEER

I'm a React.js and React Native developer specializing in scalable, user-friendly web and mobile apps. I collaborate with backend developers and designers to create responsive UI/UX, ensure seamless API integration, and manage state with Redux/Context API. I work in agile sprints, conduct code reviews, troubleshoot issues, and optimize performance using tools like JavaScript, TypeScript, React, React Native, REST APIs, and Git.

HINDUSTAN AERONAUTICS LIMITED | NOV 2021 - NOV 2022 GRADUATE APPRENTICE TRAINEE

It is an Indian state-owned aerospace and defence company, headquartered in Bangalore, India. Worked on technologies like Web development, Quality Inspection
