💼 PROFESSIONAL EXPERIENCE

INOVANT SOLUTIONS
UX/UI Designer
2023 – 2025 | Navi Mumbai, India
- **Designed responsive and user-centric interfaces** for mobile apps, web platforms, and kiosks, ensuring pixel-perfect execution and design system consistency.
- **Collaborated with cross-functional teams** (developers, product managers) to align UX/UI with business goals, delivering high-quality, multilingual solutions for international clients.
- **Led the end-to-end design process**—from wireframes and user flows to prototypes, while conducting user research and usability testing to drive continuous improvement.

📁 SELECTED PROJECTS

Emprove App and Website (Educational Platform)
Led the end-to-end UX strategy and UI design for a scalable ed-tech platform supporting exam preparation. Oversaw user research, journey mapping, and responsive design execution across mobile and web, ensuring accessibility and high user engagement.

Mawada App and Website (Gifting Platform)
Crafted an intuitive UI/UX for a gifting platform that simplifies and personalizes the gift-giving experience for any occasion, making thoughtful gestures easy and delightful.

Livelong App (Healthy Food Delivery Platform)
Livelong is your ultimate healthy food delivery platform, designed to make nutritious eating simple, delicious, and accessible

Zwara User, Driver App and Website (Food Delivery App Platform)
Designed a sleek and user-friendly interface for a modern food delivery app focused on enhancing the dining experience through personalized meals, exclusive offers, and seamless ordering.

Wanasti App and Website (Travelling Activities booking Platform)
Designed an engaging and intuitive interface for a travel app that helps users discover and book tours, activities, and unique experiences around the world with ease and confidence.

The Wishlist App and Website (Clothing purchase platform)
Designed a stylish and immersive UI/UX for a fashion app that lets users explore global trends, discover unique pieces, and curate personal wishlists, making online fashion browsing both intuitive and inspiring.

Rimashaar App (Jwelery purchase platform)
Designed a refined and user-centric interface for a high-end jewelry store, showcasing premium collections with a focus on elegance, storytelling, and seamless shopping across devices.
