Experience

UI/UX Designer

Pti webtech · Jaipur   08/2024 - Present

Project 1: DesiLounge – Restaurant Website
Designed an intuitive food ordering and table reservation app, enhancing user engagement and streamlining the dine-in and delivery experience for DesiLounge restaurant customers.

Project 2: Credynova – Environmental Credit Solution Platform
Crafted clean, user-centric web interfaces for a sustainability-focused platform offering carbon and nutrient credit solutions, improving usability for enterprises and investors.

Project 3: Sam Opuzi Collection – Art E-commerce Website
Led the UI/UX design for an online art store, enabling users to explore and purchase framed paintings seamlessly, with a focus on aesthetics and storytelling.

Project 4: Rockpaper – Paper Industry Website
Developed a professional B2B website for a paper manufacturing brand, highlighting product range and services through modern layouts and optimized navigation.

Project 5: WayWheel – Transportation & Logistics Mobile App
Designed an end-to-end logistics app for booking, tracking, and managing transportation services, simplifying operations for drivers and logistics companies. Designed and prototyped the **User App, Driver App, and Admin Panel** for a comprehensive **transportation and logistics platform**.

UI/UX Designer

Firstricoz private limited · Kolkata, WB   06/2023 - 03/2024

Project 1: Text.ai – AI Writing Tool (Mobile App & Website)
Designed responsive and user-friendly interfaces for an AI-powered writing assistant, enabling seamless content generation across mobile and web platforms.

Project 2: Prepeat – Tiffin, Chef, Laundry & Housemaker Service (Mobile App & Website)
Created a multi-service platform with a clean, intuitive UI to streamline daily home services like meals, housekeeping, and laundry for urban users.
